F.4 (68)/PEG-08/Stg. IV/JHKD/2012/3023 to 3045

Dated: 07.06.2013

General Manager (R),
Food Corporation of India,
Regional Office, Ranchi

Sub: Use of Dunnage material other than wooden crates in PEG godowns.

Ref: Your office letter no. S&S/PEG-2008/01/Jamtara/11-12 dated 13.05.2013.

Sir,

Kindly refer to your above mentioned letter on the cited subject. The matter has been examined in consultation with Quality Control Division of FCI, Hqrs. and it has been observed that quantum and type of dunnage material has been duly mentioned at Sr.no. 1&2 in Annexure to Appendix-I of MTF under heading "Providing of necessary infrastructure for proper up keep of health of foodgrain stocks in godowns by the investors at warehouses" (copy enclosed). It is amply clear that bamboo mats are to be laid over wooden crates and cannot be used as a substitute of wooden crates. However, in case wooden crates are not available due to State Govt. restrictions, poly pallets conforming to BIS specifications may be used as dunnage material. You are requested to take action accordingly.

This issues with the approval of Competent Authority.

Encl: As above

g/c

Yours faithfully,

R. Kanwar
